MANAGEMENT INFORMATION CIRCULAR

Unless otherwise stated, the information contained in this management information circular is as of April 25, 2019 and dollar amounts referenced herein are expressed in Canadian dollars, unless otherwise stated.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The Company is providing this management information circular and either a form of proxy for registered shareholders or a voting instruction form for non-registered shareholders (see below under "Non-Registered Shareholders") in connection with management's solicitation of proxies for use at the annual and special meeting (the "**Meeting**") of holders of common shares (the "**Common Shares**") of the Company to be held at Suite 1100 – 595 Howe Street, Vancouver, British Columbia on May 31, 2019 at 10:00 a.m. (Vancouver time) and at any adjournments thereof. References in this management information circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, proxies may also be solicited personally by regular employees of the Company and the Company may use the services of an outside proxy solicitation agency to solicit proxies. The costs of solicitation will be borne by the Company.

Completion and Return of Proxies

Completed proxies must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., either at its office at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, not later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Company. **A shareholder desiring to appoint some other person, who need not be a shareholder, to represent him at the Meeting, may do so by inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the office of the Company's transfer agent indicated on the enclosed envelope no later than 10:00 a.m. (Vancouver time) on May 29, 2019, or no later than 48 hours before the time of any adjourned meeting (excluding Saturdays, Sundays and holidays).**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is

to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by a shareholder or by a shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney) and deposited either at the registered office of the Company (Suite 1100 – 595 Howe Street, Vancouver, British Columbia V6C 2T5) at any time up to and including the last business day preceding the day of the Meeting or with the Chairman of the Meeting on the day of the Meeting prior to its commencement or in any other manner permitted by law.

Only registered shareholders have the right to revoke a proxy in this manner. Non-Registered Shareholders (as defined below) who wish to change their vote must arrange for their Intermediary (as defined below) to revoke the proxy on their behalf.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the Common Shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such Common Shares will be voted in favour of the passing of all the resolutions described below. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the accompanying Notice of Meeting and with respect to other matters which may properly come before the Meeting.** At the time of printing of this management information circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Non-Registered Shareholders

The information set out in this section is important to many shareholders of the Company as a substantial number of shareholders do not hold their Common Shares in their own name.

Only registered shareholders of the Company or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders (“**Non-Registered Shareholders**”) because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. The Common Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Shareholder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

There are two kinds of Non-Registered Shareholders: (i) those who object to their name being made known to the issuers of securities which they own (called “**OBOs**” for Objecting Beneficial

Owners); and (ii) those who do not object to their name being made known to the issuers of securities which they own (called “**NOBOs**” for Non-Objecting Beneficial Owners).

Issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents, pursuant to National Instrument 54-101 *Communication with Beneficial Owners of Securities of Reporting Issuers* (“**NI 54-101**”) and issuers can use this NOBO list for distribution of proxy-related materials directly to NOBOs. The Company has decided to take advantage of those provisions of NI 54-101 that allow it to directly deliver proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive copies of the Notice of Meeting, this management information circular and a voting instruction form (which includes a place to request copies of the Company’s annual and/or interim financial statements and related management’s discussion and analysis) (collectively, the “**Meeting Materials**”) from the Company’s transfer agent, Computershare Investor Services Inc. The voting instruction form is to be completed and returned to Computershare Investor Services Inc. in the envelope provided. Computershare Investor Services Inc. will tabulate the results of the voting instruction forms received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by voting instruction forms they receive. Alternatively, NOBOs may vote following the instructions on the voting instruction form, via the internet or by telephone.

With respect to OBOs, in accordance with applicable securities law requirements, the Company will have distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for distribution to such Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless they have waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the OBO and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the OBO when submitting the proxy. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1.**

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of their Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person’s name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As of April 25, 2019, 179,541,091 Common Shares were issued and outstanding. Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of shareholders entitled to receive notice of, and to vote at, the Meeting has been fixed as April 25, 2019. In accordance with the provisions of the *Canada Business Corporations Act* (the “**CBCA**”), the Company will prepare a list of holders of Common Shares as of such record date. Each holder of Common Shares named in the list will be entitled to vote the shares shown opposite their name on the list at the Meeting. All such holders of record of Common Shares are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Company’s transfer agent within the time specified in the accompanying Notice of Meeting, to attend and vote thereat by proxy the Common Shares held by them.

Stock Option Plan

The Company has a “fixed” stock option plan, as amended and restated and dated May 18, 2018 (subject, for certain amendments, to approval of the Option Plan Resolution) (the “**Option Plan**”), which was approved by the Company’s shareholders on June 22, 2018. The purpose of the Option Plan is to enhance the Company’s ability to compensate employees, officers and directors and others providing services to the Company by means other than cash incentives to allow such persons an opportunity to participate in the success of the Company. The granting of options is intended to align the interests of such persons with that of the Company’s shareholders.

Pursuant to the Option Plan, options entitling the purchase of an aggregate of 32,552,018 Common Shares may be issued upon exercise of options to directors, officers, employees, and consultants or management company employees of the Company from time to time (upon approval of the Option Plan Resolution, the Option Plan will entitle the Company to grant an aggregate of 35,908,218 options). Since May 18, 2018, 960,000 Common Shares have been issued pursuant to exercise of options. As of the date hereof, 26,494,278 Common Shares are issuable under previously granted and outstanding stock options, and the number of Common Shares available for future grants of stock options under the Option Plan is 5,097,740 (upon

approval of the Option Plan Resolution, an aggregate of 8,453,940 options will be available for future grants). See "Matters to be Acted Upon at the Meeting – Approval of Amendment of Option Plan". If stock options expire or otherwise terminate for any reason without having been exercised, the number of Common Shares in respect of the expired or terminated stock options will again be available for grant. The exercise price of the stock options must be paid for in full at the time of such exercise.

The aggregate number of options granted to all persons retained to provide investor relations activities must not exceed 2% of the issued shares of the Company in any 12 month period. The aggregate number of options granted to any one consultant (other than an employee or director of the Company) in a 12 month period must not exceed 2% of the issued shares of the Company. The Option Plan contains no vesting requirements, but permits the Board to specify a vesting schedule in its discretion, provided that if required by any stock exchange on which the Common Shares trade, options issued to a Person conducting Investor Relations Activities must vest in stages over not less than 12 months with no more than one-quarter of the options vesting in any three month period.

Except as otherwise determined by the Board and subject to the limitation that options may not be exercised later than 10 years from their date of grant, if a participant ceases to be an eligible person for any reason whatsoever other than death, each option held by the participant will cease to be exercisable 90 days after the termination date, or such longer period as determined by the Board. If any portion of an option is not vested by the termination date, that portion of the option may not be exercised by the participant or by a permitted assign of such participant unless the Board determines otherwise. For greater certainty, any such determination regarding the period for exercise or vesting of options made by the Board may be made at any time subsequent to the date of grant of options, provided, however, that the Board may not extend the period for exercise beyond the expiry date of the option. If a participant ceases to be an eligible person because their relationship with the Company or an affiliate of the Company is terminated by the Company or an affiliate of the Company, as applicable, for cause, such participant's options shall cease to be exercisable immediately upon the termination date.

Options are exercisable at exercise prices as determined by the Board, which will not be less than the closing price of the Common Shares on the day immediately prior to the date of grant, less a discount of up to 25%, with the amount of the discount varying with the market price of the Common Shares in accordance with the policies of the TSXV.

The Option Plan permits:

- (a) The aggregate number of Common Shares reserved for issuance under stock options granted to insiders (as a group) at any point in time to exceed 10% of the issued Common Shares;
- (b) The grant to insiders (as a group), within a 12 month period, of an aggregate number of options to exceed 10% of the issued Common Shares, calculated on the date an option is granted to any insider; and
- (c) The aggregate number of options granted to any one person (and companies wholly owned by that person) within a 12 month period to exceed 5% of the issued Common Shares, calculated on the date an option is granted to the person.

Except as otherwise set out below, the Board shall seek shareholder and regulatory approval for any amendments to the Option Plan. The approval of disinterested shareholders will be required for any reduction in the exercise price of a previously granted option to an insider of the

The disposition of the Company’s interest in its Ethiopian Mining Assets (the “**Disposition**”) described below under “Particulars of Matters to be Acted Upon - Approval of Disposition of Interests in Ethiopian Assets” is a “corporate transaction” under the IMX Consulting Agreement, as the Disposition is a sale of at least 50% of the fair market value of the Company’s assets. The Compensation Committee does not believe that the Disposition will result in a triggering event. However, in the event that a triggering event does occur within six months of the closing of the Disposition, and IMX terminates the IMX Consulting Agreement within 30 days of the triggering event, then the Company will be required to pay the termination payments described above.

Oversight and Description of Director and Name Executive Officer Compensation

The Compensation Committee has the responsibility for determining compensation for the directors and senior management (including the Named Executive Officers) to be recommended to the Board for approval. The Compensation Committee reviews compensation paid to directors and executive officers of companies of similar size and stage of development in the mineral exploration/mining industry and determines appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. The Compensation Committee will annually review the performance of senior management in light of the Company’s objectives and consider other factors which may have impacted the success of the Company in achieving its objectives.

The Company’s executive compensation program has two key elements:

1. **Base Compensation and Bonus** - The Company establishes a base compensation level unique to each executive that reflects the executive's business credentials, level and length of experience, past compensation history and existing levels of executive compensation. This ensures that the Company can attract experienced and qualified

executives. The Company may also pay bonuses (or issue bonus shares) to its executives that are tied to performance criteria and goals established from time to time. Base compensation and bonuses are recommended by the Compensation Committee and approved by the Board.

Ownership of Common Shares aligns the interests of executives with that of the shareholders, and encourages them to focus on increasing shareholder value. Option grants are recommended by the Compensation Committee and approved by the Board of Directors.

Appointment of Auditors

PricewaterhouseCoopers LLP, Chartered Professional Accountants, of Suite 700 - 250 Howe Street, Vancouver, British Columbia, V6C 3S7, are the auditors of the Company. Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted for the appointment of PricewaterhouseCoopers LLP as the auditors of the Company to hold office for the ensuing year at a remuneration to be fixed by the directors. PricewaterhouseCoopers LLP were first appointed as the Company's auditors on April 4, 2013.

Approval of Amendment of Option Plan

The Company has a "fixed" Option Plan, under which an aggregate of 32,552,018 Common Shares are reserved for issuance upon the exercise of options awarded under the Option Plan. The Option Plan provides that the terms of the options and the option price may be fixed by the directors subject to the price restrictions and other requirements of the TSXV. See "Statement of Executive Compensation – Stock Option Plan" for a description of the material terms of the Option Plan.

In order to provide incentive to employees, officers, directors and others providing services to the Company, the Board believes it was necessary and in the Company's best interests to increase the maximum number of Common Shares to be reserved for exercise of options under the Option Plan and to further amend the Option Plan to comply with TSXV policy requirements. On April 25, 2019, the Board resolved to amend the Option Plan, subject to disinterested shareholder approval and TSXV approval, to increase the number of Common Shares reserved for issuance from 32,552,018 to 35,908,218 (which represented approximately 20% of 179,541,091 Common Shares issued and outstanding as at April 25, 2019), which increased number also replaces the 960,000 Common Shares which have been previously issued pursuant to exercise of stock options.

As at April 25, 2019, there are 26,494,278 Options outstanding under the Option Plan. If the Option Plan Resolution is approved, an aggregate of 8,453,940 Options will be available for future grants. All other terms and conditions of the Option Plan will remain in force and effect, unchanged. The Option Plan will also be available for review at the Meeting.

The Option Plan must be approved and ratified by disinterested shareholders and submitted to the TSXV for approval.

Disinterested shareholders in connection with the Option Plan Resolution are shareholders of the Company other than (a) directors and senior officers of the Company; and (b) directors and senior officers of a company that is an insider of the Company or subsidiary of the Company, to whom options may be granted under the Option Plan and their associates. As such, the votes attaching to an aggregate of approximately 179,541,091 Common Shares, which are beneficially owned or over which control or direction is exercised by the directors and senior officers of the Company and its subsidiaries and their respective associates, representing approximately 3.2% of the Company's issued Common Shares entitled to vote at the Meeting, will be withheld from voting on the resolution approving the Option Plan.

The Company believes the Option Plan enables the Company to better align the interests of the Company's directors and officers with those of shareholders and reduces the cash compensation the Company would otherwise have to pay.

At the Meeting, disinterested shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, an ordinary resolution, in the form set out below (the "**Option Plan Resolution**"), subject to such amendments, variations or additions as may be approved at the Meeting, approving the Option Plan.

The Board and management recommend the adoption of the Option Plan Resolution. To be effective, the Option Plan Resolution must be approved by not less than a majority of the votes cast by disinterested shareholders present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, FOR the Option Plan Resolution.**

The text of the Option Plan Resolution to be submitted to disinterested shareholders at the Meeting is set forth below:

"BE IT RESOLVED THAT (as an ordinary resolution and excluding the votes of interested parties and their associates):

1. the number of Common Shares reserved for issuance upon the exercise of share options granted under the Company's amended and restated 2019 stock option plan (the

“Option Plan”) dated April 25, 2019, be increased from 32,552,018 Common Shares to 35,908,218 Common Shares, which increased number also replaces the 960,000 Common Shares which have previously been issued pursuant to the exercise of stock options;

2. the implementation by the Board of Directors of the Company’s Option Plan, all as more particularly described in the Company’s management information circular dated April 25, 2019, with such changes to the Option Plan as may be required by the TSX Venture Exchange, is approved, ratified and confirmed;
3. effective as of April 25, 2019, the Company be authorized to issue up to 35,908,218 Common Shares upon exercise of options granted under the Option Plan; and
4. any one or more directors or officers of the Company be and is hereby authorized to execute any other documents as such one or more directors or officers deems necessary to give effect to the foregoing resolutions.”

Should the Option Plan not receive the required disinterested shareholder approval at the Meeting, the Option Plan will remain in force and affect, unamended.

Approval of Disposition of Interests in Ethiopian Assets

As disclosed in its news release of February 8, 2019, the Company has executed a binding Letter of Intent (“**LOI**”) with Tibet Huayu Mining Co., Ltd. (“**Tibet Huayu**”) for the exploration, development and operation of the Company’s mining assets in Ethiopia, namely the Terakimti, Mato Bula and Da Tambuk gold projects located in the State of Tigray, Ethiopia.

The LOI contemplates the Company transferring a portion of its equity interests in its Ethiopian subsidiary companies to Tibet Huayu and the parties entering into joint venture agreements for the purpose of development and operation of the Company’s Ethiopian mining assets. The Company currently owns 70% of Harvest Mining PLC (“**Harvest**”) and 100% of the Tigray Resources Incorporated PLC (“**TRI**”). Harvest holds the Terakimti oxide gold mining license (the “**Terakimti Project**”). TRI hosts the Mato Bula and Da Tambuk deposits (the “**Adyabo Project**”), and with the Terakimti Project, the “**Ethiopian Mining Assets**”), which deposits are in the final process of mine permitting.

The transaction (the “**Transaction**”) defined in the binding LOI includes terms that in exchange for the transfer by the Company to Tibet Huayu of a 55% interest of Harvest and a 70% interest in TRI, Tibet Huayu will:

- Provide a cash payment of USD\$1.7M to the Company; and
- Finance, develop and operate the Terakimti and Adyabo Projects.

On completion of the proposed transaction:

- Tibet Huayu will hold the rights (interest) to 55% post tax profits/government distributions of Harvest and hold the rights (interest) to 70% of the post tax profits/government distributions of TRI; and
- The Company will hold the rights (interest) to 15% post tax profits/government distributions of Harvest and hold the rights (interest) to 30% of the post tax profits/government distributions of TRI.

Closing conditions for the Transaction include:

- Ethiopian Ministry of Mines providing a formal letter confirming that the Terakimti Project mining license will not be in default if construction is not completed within the timeframe stipulated in the mining license or if the construction timeframe is extended;
- Ethiopian Ministry of Mines providing a formal letter confirming that it will issue the Adyabo Project mining licenses upon approval from the Ethiopian Council of Ministers;
- Receipt of all required approvals including and not limited to board, regulatory, and government approvals;
- Execution of definitive share purchase agreements and joint venture agreements respecting the Transaction (the “**Definitive Agreements**”); and
- Receipt by the Company from Tibet Huayu of the cash payment of USD\$1.7M.

It is anticipated that Tibet Huayu’s construction and development costs of the Ethiopian Mining Assets, based on the Company’s Preliminary Economic Assessment (“**PEAs**”) cashflows announced by the Company on April 30, 2018, will be approximately up to USD\$115M (CAD\$157M based on USD/CAD exchange rate of 1.3642). From this amount Tibet Huayu is required to contribute the Company’s capital costs equivalent to the Company’s retained interest. Based on the PEAs, Tibet Huayu is required to contribute up to USD\$33.4M (CAD\$45.6M) for the Company’s capital costs. While financing, developing and operating the Terakimti and Adyabo Projects, Tibet Huayu shall: comply with all applicable Ethiopian federal, provincial, state, municipal and local laws and regulations; ensure that the nature, location, timing and conduct of the development and operation activities on the Ethiopian Mining Assets comply with any approvals from the Ethiopian Government; accomplish construction of the Terakimti Project within 24 months of closing of the Transaction and achieve an annual minimum production level of 12,000 gold equivalent ounces; ensure appropriate insurance coverage is implemented; and be solely responsible for any loss of or damage to the Ethiopian Mining Assets, damage to the environment, death or injury to any person, and any other liabilities, damages, losses and reasonable costs and expenses (including legal costs) suffered by Harvest or TRI as a result of Tibet Huayu’s act or omission to act. The Definitive Agreements will stipulate the recourse in the event Tibet Huayu fails to meet its obligation to finance, develop and operate the Terakimti and Adyabo Projects.

Following closing of the Transaction, the Company will be obligated to assign a person, at the Company’s cost, to assist with the operations respecting the Ethiopian Mining Assets and communication with the Ethiopian Government. In addition, the Company will be responsible for addressing all creditors’ rights and debts of both Harvest and TRI and will be liable for making payment of any debts that have not been disposed of on or before the closing date of the Transaction; however, the Company does not anticipate that there will be any material debts of either Harvest or TRI following closing of the Transaction, other than debt incurred by the companies in the ordinary course of business.

The Definitive Agreements will stipulate whether the board of directors for Harvest or TRI requires changes, whether the Harvest joint venture committee requires changes and whether TRI requires a joint venture committee. If changes are required respecting the boards of directors or joint venture committees, the changes will reflect responsibilities for the oversight of the development and operations of the Ethiopian Mining Assets.

The LOI provides that each of the Company and Tibet Huayu will have the right of first refusal to acquire the other party’s rights and interest in the Ethiopian Mining Assets for (i) a cash payment, (ii) a royalty, or (iii) a combination of cash and royalty. The terms and conditions of

any acquisition under the right of first refusal would be subject to negotiation and agreement between the parties.

With respect to prospective targets on the Terakimti Project (the “**Terakimti Exploration Assets**”) that are not included in the Ethiopian Mining Assets, Tibet Huayu may decide, subject to the consent of Ezana Mining Development PLC (“**Ezana**”), the Company’s current joint venture partner in Harvest, that Harvest will proceed with exploration activities on such prospective targets. If such exploration activities are conducted, the parties shall share the rights and take the obligations in the Terakimti Exploration Assets pursuant to their post-closing equity interests in Harvest (the Company – 15%; Tibet Huayu – 55%; Ezana – 30%).

With respect to prospective targets on the Adyabo Project (the “**Adyabo Exploration Assets**”) that are not included in the Ethiopian Mining Assets, the Company may decide, in its sole discretion, that TRI will proceed with exploration activities on such prospective targets. If such exploration activities are conducted: the Company shall be responsible for funding and operation of those exploration activities; the Company shall comply with all applicable Ethiopian federal, provincial, state, municipal and local laws and regulations; the nature, location, timing and conduct of the exploration activities shall comply with the approval from the Ethiopian Government; the Company shall be solely responsible for any loss of or damage to the Adyabo Exploration Assets, damage to the environment, death or injury to person, and any other liabilities, damages, losses and reasonable cost and expenses (including legal costs) suffered by TRI as a result of the Company’s act or omission to act; the Company shall be entitled to all rights and interests of the Adyabo Exploration Assets and shall offer Tibet Huayu a right of first refusal to acquire the Adyabo Exploration Assets. If Tibet Huayu elects not to exercise the right of first refusal and not to develop the Adyabo Exploration Assets, Tibet Huayu shall provide reasonable assistance to transfer such mining or exploration rights and assets to the Company or a third party provided that any cost and expenses (including taxes) caused by such transfer shall be borne by the Company.

The Company has retained the mineral rights, and all exploration obligations for the prospective targets not incorporated in the three mining licenses (“**EAM Mineral Resources**”). The LOI provides that the Company shall give Tibet Huayu a right of first refusal of reasonable duration to acquire the EAM Mineral Resources. The specific terms and conditions respecting this right of first refusal remain to be agreed upon by the parties and will be stipulated in the Definitive Agreements.

As of the date of this Circular, the Company has not yet entered into the Definitive Agreements, which will be based on and will replace the LOI, but the Company is seeking shareholder approval for the disposition of the Company’s interest in its Ethiopian Mining Assets as described herein (the “**Disposition**”) in order to allow management to progress the Transaction without the need for the Company to convene a further meeting of shareholders to consider and approve the Disposition. If the Transaction does not proceed, the Company will not complete the Disposition.

After careful consideration the Company’s board of directors has unanimously determined that the Transaction is in the best interests of the Company, that the consideration to be received by the Company under the Transaction represents fair market value for the Ethiopian Mining Assets and recommends that the Company’s shareholders vote in favour of the resolutions approving the Transaction and the Disposition. In reaching its conclusion, the Company’s board of directors considered and relied upon a number of factors, including the following: 1) cash consideration to be received by the Company under the Transaction; 2) the Company’s capital costs paid by Tibet Huayu; 3) any potential future value of the EAM Mineral Resources. The Company anticipates the aggregate consideration that it will receive from the Transaction is

equivalent to the cash payments of USD\$1.7M (CAD\$2.3M based on USD/CAD exchange rate of 1.3642) and the capital costs paid by Tibet Huayu for the Company's retained interest (Harvest 15% / TRI 30%) in the Ethiopian Mining Assets. The aggregate consideration for the Ethiopian Mining Assets is USD\$35.1M (CAD\$47.9M based on USD/CAD exchange rate of 1.3642). This assessment does not factor any additional consideration the Company may receive for future EAM Mineral Resources. The Company's estimate of the aggregate consideration from the Transaction indicates the aggregate consideration exceeds the disposition of the accounting book value of CAD\$10.3M (as at December 31, 2018) for the disposed interests in the Ethiopian Mining Assets.

In addition to the foregoing, the Company's board of directors also considered current industry, economic and market conditions and trends as well as the reasons set forth below. The board did not assign a relative weight to each specific factor and each director may have given different weights to different factors.

The Disposition and Transaction are subject to the approval of the TSX Venture Exchange. Following closing of the Transaction, the Company will retain rights to the Adyabo Exploration Assets, will retain an interest in the Ethiopian Mining Assets (Harvest 15% and TRI 30%) and will maintain ownership of its Tanzanian projects. However, as the Transaction represents a disposition of a substantial portion of the Company's operating assets, shareholders are cautioned that the Company may be moved to the NEX board of the Exchange on closing of the Transaction or shortly thereafter, if determined by the Exchange in accordance with Exchange Policy 2.5.

At the Meeting, shareholders will be asked to consider and, if thought fit, to pass with out without amendment, the following special resolutions (the "**Disposition Resolution**"):

"BE IT RESOLVED AS A SPECIAL RESOLUTION THAT:

1. The Company is hereby authorized to sell 70% of its interest in Tigray Resources Incorporated PLC (which holds the Adyabo Project) and to sell 79% of its interest in Harvest Mining PLC (which holds the Terakimti Project) to Tibet Huayu Mining Co., Ltd. in accordance with the terms and conditions respecting such transaction and as more particularly described in the Company's management information circular dated April 25, 2019;
2. Any one director or officer of the Company be and is hereby authorized and directed to do all such acts and things and to execute and deliver under the corporate seal or otherwise all such deeds, documents, instruments and assurances as in his opinion may be necessary or desirable to give effect to this resolution; and
3. The board of directors of the Company be and it is hereby authorized to revoke this resolution and any or all of the actions herein described, notwithstanding the approval by the shareholders of same, at any time prior to the completion thereof, if, in the sole discretion of the board of directors of the Company, it is in the best interests of the Company to do so."

The Disposition may be considered a disposition of all or substantially all of the undertaking of the Company. Accordingly, section 190 of the CBCA requires that the shareholders approve the Disposition by way of a special resolution. The approval threshold for a special resolution is two-thirds of the votes cast on the Disposition Resolution at the Meeting in person or by proxy.

Unless the shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be voted against the Disposition Resolution, the persons named in the enclosed form of proxy will vote FOR the Disposition Resolution.

Dissenting Shareholders' Rights

Under the CBCA, the Disposition Resolution gives rise to dissent rights. Shareholders are entitled to the dissent rights set out in the CBCA and to be paid the fair value of their shares if such shareholder dissents to the Disposition and the Disposition becomes effective. Neither a vote against the Disposition Resolution, nor an abstention or the execution or exercise of a proxy vote against such resolution will constitute notice of dissent, but a shareholder need not vote against such resolution in order to dissent.

However, in accordance with the CBCA, a shareholder who has submitted a dissent notice and who votes in favour of the Disposition Resolution or otherwise acts inconsistently with the dissent, will cease to be entitled to exercise any right of dissent (the "**Dissent Rights**"). A shareholder must dissent with respect to all shares either held personally by him or on behalf of any one beneficial owner and which are registered in one name. A brief summary of the provisions of the dissent rights of shareholders under the CBCA is set out below and is qualified in its entirety by the reference to the full text of Section 190 of the CBCA, which is attached to this Circular as Schedule "B".

The statutory provisions dealing with the right of dissent are technical and complex. Any shareholders who wish to exercise their right of dissent should seek independent legal advice, as failure to comply strictly with the provisions of Section 190 of the CBCA may prejudice their right of dissent.

Shareholders registered as such on the record date of the Meeting may exercise rights of dissent pursuant to and in the manner set forth in Section 190 of the CBCA, provided that the notice of dissent duly executed by such shareholder is received by the Company two business days in advance of the date of the Meeting. Dissenting shareholders (the "**Dissenting Shareholder**") are ultimately entitled to be paid fair value for their dissenting shares (the "**Dissenting Shares**") and shall be deemed to have transferred their Dissenting Shares to the Company.

Prior to the Disposition becoming effective, the Company will send a notice of intention to act to each Dissenting Shareholder stating that the Disposition Resolution has been passed and informing the Dissenting Shareholder of their intention to act on such Disposition Resolution. A notice of intention need not be sent to any shareholder who voted in favour of the Disposition Resolution or who has withdrawn his notice of dissent. Within one month of the date of the notice given by the Company of its intention to act, the Dissenting Shareholder is required to send written notice to the Company that he requires the Company to purchase all of his shares and at the same time to deliver certificates representing those shares to the Company. Upon such delivery, a Dissenting Shareholder will be bound to sell and the Company will be bound to purchase the shares subject to the demand for a payment equal to their fair value as of the day before the day on which the Disposition Resolution was passed by the shareholders, excluding any appreciation or depreciation in anticipation of the vote (unless such exclusion would be inequitable). Every Dissenting Shareholder who has delivered a demand for payment must be paid the same price as the other Dissenting Shareholders.

A Dissenting Shareholder who has sent a demand for payment, or the Company, may apply to the Court which may: (a) require the Dissenting Shareholder to sell and the Company to purchase the shares in respect of which a notice of dissent has been validly given; (b) set the

price and terms of the purchase and sale, or order that the price and terms be established by arbitration, in either case having due regard for the rights of creditors; (c) join in the application of any other Dissenting Shareholder who has delivered a demand for payment; and (d) make consequential orders and give such directions as it considers appropriate. No Dissenting Shareholder who has delivered a demand for payment may vote or exercise or assert any rights of a shareholder in respect of their shares for which a demand for payment has been given, other than the rights to receive payment for those shares. Until a Dissenting Shareholder who has delivered a demand for payment is paid in full, that Dissenting Shareholder may exercise and assert all the rights of a creditor of the Company. No Dissenting Shareholder may withdraw his demand for payment unless the Company consents.

Strict adherence to the procedures set forth above will be required and failure to do so may result in the loss of all Dissent Rights. Accordingly, each shareholder who might desire to exercise Dissent Rights should carefully consider and fully comply with the provisions set forth above and below and consult his or her legal advisor.

All Dissent Notices to the Company should be addressed to the Company at its registered office at Suite 1100 – 595 Howe Street, Vancouver, British Columbia V6C 2T5, Attention: Peter Granata.

The directors of the Company may elect not to proceed with the transactions contemplated in the Disposition Resolution if any notices of dissent are received.

The foregoing summary does not purport to provide a comprehensive statement of the procedures to be followed by a dissenting shareholder who seeks payment of the fair value of his shares. The CBCA requires strict adherence to the procedures established therein and failure to do so may result in the loss of all dissenters' rights. Accordingly, each shareholder who might desire to exercise the dissenters' rights should carefully consider and comply with the provisions of the section and consult such shareholders' legal advisor.

EAST AFRICA METALS INC. AUDIT COMMITTEE CHARTER

The Board of Directors (the "**Board**") of East Africa Metals Inc., a Canadian federal corporation (the "**Company**"), approves and adopts the following Audit Committee Charter to specify the composition, roles and responsibilities of the Audit Committee (the "**Committee**").

Purpose

The purpose of the Committee is to assist the Board in fulfilling its responsibility for the oversight of the financial reporting process. The purpose of this Charter is to ensure that the Company maintains a strong, effective and independent audit committee, to enhance the quality of financial disclosure made by the Company and to foster increased investor confidence in both the Company and Canada's capital markets. It is the intention of the Board that through the involvement of the Committee, the external audit will be conducted independently of the Company's Management to ensure that the independent auditors serve the interests of shareholders rather than the interests of Management of the Company. The Committee will act as a liaison to provide better communication between the Board and the external auditors. The Committee will review financial reports or other financial information provided by the Company to regulatory authorities and shareholders and review the integrity, adequacy and timeliness of the financial reporting and disclosure practices of the Company. The Committee will monitor the independence and performance of the Company's independent auditors.

Composition and Procedures of the Audit Committee

The Committee shall consist of at least three (3) directors. Members of the Committee shall be appointed by the Board and may be removed by the Board in its discretion. While the Board may recommend a Chairman for the Committee, the Committee shall have the discretion to appoint the Chairman from amongst its members. The Committee shall establish procedures for quorum, notice and timing of meetings subject to the proviso that a quorum shall be no less than two (2) Committee members. Meetings shall be held no less regularly than once per quarter to review the audited financial statements and interim financial statements of the Company. At least one (1) member of the Committee shall be independent and the Board and the Committee shall endeavour to appoint a majority of independent directors to the Committee, who in the opinion of the Board, would be free from a relationship which would interfere with the exercise of the Committee members' independent judgment. At least (1) member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices applicable to the Company. For the purposes of this Charter, an individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

Specific Duties and Responsibilities of the Audit Committee

External Audit

- (1) The Committee shall recommend to the Board:
 - (a) the external auditors to be nominated for the purpose of preparing or issuing an auditors' report performing other audit, review or attest services for the Company; and
 - (b) the compensation of the external auditors.

- (2) The Committee shall be directly responsible for overseeing the work of the external auditors engaged for the purpose of preparing or issuing an auditors' report or performing other audit, review or attest services for the Company, including the resolution of disagreements between Management and the external auditors regarding financial reporting.
