MANAGEMENT INFORMATION CIRCULAR

Unless otherwise stated, the information contained in this management information circular is as of May 16, 2014 and all dollar amounts referenced herein are expressed in Canadian dollars.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The Company is providing this management information circular and either a form of proxy for registered shareholders or a voting instruction form for non-registered shareholders (see below under "Non-Registered Shareholders") in connection with management's solicitation of proxies for use at the annual and special meeting (the "Meeting") of holders of common shares (the "Common Shares") of the Company to be held at Suite 3114, 1055 Dunsmuir Street, Four Bentall Centre, Vancouver, British Columbia on June 19, 2014 at 11:00 a.m. (Vancouver time) and at any adjournments thereof. References in this management information circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, proxies may also be solicited personally by regular employees of the Company and the Company may use the services of an outside proxy solicitation agency to solicit proxies. The costs of solicitation will be borne by the Company.

Completion and Return of Proxies

Completed proxies must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., either at its office at 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, or by facsimile transmission to 1-866-249-7775, not later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Company. **A shareholder desiring to appoint some other person, who need not be a shareholder, to represent him at the Meeting, may do so by inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the office of the Company's transfer agent indicated on the enclosed envelope no later than 11:00 a.m. (Vancouver time) on June 17, 2014, or no later than 48 hours before the time of any adjourned meeting (excluding Saturdays, Sundays and holidays).**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder

giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by a shareholder or by a shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney) and deposited either at the registered office of the Company (Suite 3114, 1055 Dunsmuir Street, Four Bentall Centre, Vancouver, British Columbia V7X 1G4) at any time up to and including the last business day preceding the day of the Meeting or with the Chairman of the Meeting on the day of the Meeting prior to its commencement or in any other manner permitted by law.

Only registered shareholders have the right to revoke a proxy in this manner. Non-Registered Shareholders (as defined below) who wish to change their vote must arrange for their Intermediary (as defined below) to revoke the proxy on their behalf.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the Common Shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such Common Shares will be voted in favour of the passing of all the resolutions described below. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.** At the time of printing of this management information circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Non-Registered Shareholders

The information set out in this section is important to many shareholders of the Company as a substantial number of shareholders do not hold their Common Shares in their own name.

Only registered shareholders of the Company or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders ("Non-Registered Shareholders") because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. The Common Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an "Intermediary") that the Non-Registered Shareholder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

There are two kinds of Non-Registered Shareholders: (i) those who object to their name being made known to the issuers of securities which they own (called "OBOs" for Objecting Beneficial

Owners); and (ii) those who do not object to their name being made known to the issuers of securities which they own (called “NOBOs” for Non-Objecting Beneficial Owners).

Issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents, pursuant to National Instrument 54-101 *Communication with Beneficial Owners of Securities of Reporting Issuers* (“NI 54-101”) and issuers can use this NOBO list for distribution of proxy-related materials directly to NOBOs. The Company has decided to take advantage of those provisions of NI 54-101 that allow it to directly deliver proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive copies of the notice of meeting, this management information circular and a voting instruction form (which includes a place to request copies of the Company’s annual and/or interim financial statements and related management’s discussion and analysis) (collectively, the “Meeting Materials”) from the Company’s transfer agent, Computershare Investor Services Inc. The voting instruction form is to be completed and returned to Computershare Investor Services Inc. in the envelope provided or by facsimile transmission at 1-866-249-7775. Computershare Investor Services Inc. will tabulate the results of the voting instruction forms received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by voting instruction forms they receive. Alternatively, NOBOs may vote following the instructions on the voting instruction form, via the internet or by telephone.

With respect to OBOs, in accordance with applicable securities law requirements, the Company will have distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for distribution to such Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless they have waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the OBO and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the OBO when submitting the proxy. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 or by facsimile transmission at 1-866-249-7775.**

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of their Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person’s name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their**

Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Company was incorporated on December 7, 2012, and became a reporting issuer on April 4, 2013. On January 24, 2014, the Company changed its year end from June 30 to December 31. The following statement of executive compensation provides details of all compensation paid from incorporation to December 31, 2013.

Compensation Governance

The Company's executive compensation program is administered by the compensation committee (the "Compensation Committee") comprised of three independent directors, Dr. Jingbin Wang (Chairman), Shuixing Fu and Antony Harwood. The Compensation Committee has, as part of its mandate, the responsibility for reviewing recommendations from management for subsequent approval by the board of directors (the "Board") of the Company with respect to the appointment and remuneration of executive officers of the Company. The Compensation Committee also monitors the performance of the Company's executive officers and reviews the design and competitiveness of the Company's executive compensation plans.

The Board looks to the past experience of each director in determining the composition of the Compensation Committee and strives to include a broad range of skills and experience that will allow the committee to make appropriate decisions and to act independently.

By virtue of their respective experiences as executives in the mining industry, and their exposure to public policy, corporate governance, domestic markets and regulatory matters, each member possesses the relevant decision making skills that make them suitable members of the committee. A general description of the education and experience of each Compensation Committee member which is relevant to the performance of his responsibilities as a Compensation Committee member is contained in their respective biographies set out under "Particulars of Matters to be Acted Upon – Election of Directors – Director Biographies".

Executive Compensation Program

While the Board has not adopted a written program concerning the compensation of named executive officers (as defined in Form 51-102F6 *Statement of Executive Compensation*), it has developed a consistent approach relating to executive compensation. The objective in the determination of executive compensation is the need to provide total compensation packages that will:

- ensure external competitiveness by developing and maintaining compensation levels that reflect current market rates of pay;
- promote pay-for-performance levels that rewards consistently high performance levels;

- provide the Company with the resources to recruit and retain a highly capable work force; and
- establish incentives to develop and achieve performance targets that maximize the success and value of the Company to the benefit of the shareholders and other stakeholders.

The Company's executive compensation program is based on a pay-for-performance philosophy. It is designed to retain, encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and the long term. The Compensation Committee reviews and recommends to the Board base salaries based on a number of factors enabling the Company to compete for and retain executives critical to the Company's long-term success. Incentive compensation in the form of cash bonuses is directly tied to corporate and individual performance. Share ownership opportunities through stock options are provided to align the interests of executive officers with the longer term interests of shareholders. Independent consultants may be retained on an as needed basis by the Company to assess the executive compensation program.

Compensation for the Named Executive Officers (as defined below under "Summary Compensation Table") consists of consulting fees, along with annual incentive compensation in the form of a discretionary bonus and a longer term incentive in the form of stock options. The compensation attempts to pay competitively in the aggregate as well as deliver an appropriate balance between annual compensation (base salary and cash bonuses) and long-term compensation (stock options). The relative portions of annual compensation and long-term incentives for the Named Executive Officers are intended to provide a significant portion of the executive's compensation through long-term incentives.

In determining specific compensation amounts for the Named Executive Officers, the Compensation Committee considers factors such as experience, individual performance, length of service, role in achieving corporate objectives, positive production, exploration and development results, stock price, and compensation compared to other employment opportunities for executives. As an executive officer's level of responsibility increases, a greater percentage of total compensation is based on performance (as opposed to base salary and standard employee benefits) and the mix of total compensation shifts towards annual bonuses and in particular stock options, thereby increasing the mutuality of interest between executive officers and shareholders. The Company does not have precise criteria or formulas to determine global remuneration of Named Executive Officers and uses the experience and knowledge of the market of its senior officers and Board to do so. The Company is designing its compensation program to reward the success of the Company in achieving its technical and financial objectives. The Company operates in a volatile market and the following elements of the compensation package are required to provide the motivation to Named Executive Officers and other employees and achieve retention of the Company's skilled people in such market.

Base Salary / Consulting Fees

The Compensation Committee reviews available market data for other mining companies of a similar size, although a specific benchmark is not targeted and a formal peer group has not been established, and makes recommendations regarding the compensation of its executive officers and directors, for approval by the Board. The following base salaries/consulting fees were paid to the Company's Named Executive Officers for the period from incorporation to December 31, 2013:

Name of Officer	Title of Officer	Fees
Andrew Lee Smith	Chief Executive Officer	\$157,125 ⁽¹⁾
Peter Granata	Chief Financial Officer	\$52,275 ⁽²⁾
Jeffrey Heidema	Vice President, Exploration	\$112,500 ⁽³⁾
Denis Dillip	President of Canaco Tanzania Limited	US\$142,000

Notes

- (1) Consulting fees paid to Iron Mask Explorations Ltd., a company controlled by Mr. Smith, \$16,500 of this amount reflects compensation received by Mr. Smith in connection with his role as a director of the Company.
- (2) The annual salary of Mr. Granata was allocated between the Company and another public company based on time spend on each entity. This amount reflects the amount incurred by the Company.
- (3) The annual salary of Mr. Heidema was allocated between the Company and another public company based on time spent on each entity. This amount reflects the full entitlement pursuant to the employment agreement, and does not reflect the amount actually paid by the Company.

The Named Executive Officers are also reimbursed for actual expenses reasonably incurred in connection with the performance of their duties. The consulting contract with the Company's Chief Executive Officer will expire on June 30, 2014 unless renewed by the Company. The Board determines the base salaries for the Named Executive Officers. The Chief Executive Officer determines the base salaries for officers and employees of the Company based on assigned responsibilities and performance of each of the officers and employees.

Annual Bonus

The Board determines, on a discretionary basis, incentive awards or bonuses to be paid by the Company to the executive officers of the Company, in respect of a financial year, following advice from the Compensation Committee. The Chief Executive Officer determines, on a discretionary basis, bonuses to be paid by the Company to all other eligible employees and consultants of the Company in respect of a financial year. Corporate performance is assessed by reference to a number of factors, including the Company's progress towards budgeted milestones, corporate efficiency and success in enhancing shareholder value relative to peer companies. Individual performance is measured by reviewing personal performance and other significant factors, such as level of responsibility and importance of the position to the Company. The individual performance factor allows the Company to recognize and reward those individuals whose efforts have particularly assisted the Company to attain its corporate performance objectives. The following bonuses were paid to the Named Executive Officers during the period from incorporation to December 31, 2013:

Name of Officer	Title of Officer	Bonus Amount
Peter Granata	Chief Financial Officer	\$1,490
Jeffrey Heidema	Vice President Exploration	\$1,780

Stock Options

The Compensation Committee recommends the number of stock options to be granted to the Company's executive officers, subject to approval by the Board. Previous grants of stock options to the Company's executive officers are taken into consideration when considering new grants. During the period from incorporation to December 31, 2013, the Company granted the following options to the Named Executive Officers:

Name of Officer	Title of Officer	Options (#)	Exercise Price (\$)	Expiration Date
Andrew Lee Smith	Chief Executive Officer	950,000	0.135	August 19, 2018
Peter Granata	Chief Financial Officer	250,000	0.135	August 19, 2018
Jeffrey Heidema	Vice President, Exploration	250,000	0.135	August 19, 2018
Denis Dillip	President of Canaco Tanzania Limited	200,000	0.135	August 19, 2018

Risk Management

The Compensation Committee is responsible for ensuring the application of the compensation policy is appropriately aligned to support its stated objectives and encourage the right management behaviours, while avoiding excessive risk-taking by executive officers. Given the current stage of development and the limited elements of executive compensation, at this time, the Board has not formally assessed the implications of the risk associated with the compensation policies and practices.

Hedging

The Company does not permit its executive officers or directors to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the executive officer or director.

Summary Compensation Table

The following table provides information regarding compensation earned by the Company's Chief Executive Officer and Chief Financial Officer, Jeffrey Heidema, Vice-President, Exploration, and Denis Dillip, President of Canaco Tanzania Limited (together, the "**Named Executive Officers**") for the period from December 7, 2012, (date of incorporation) to December 31, 2013. At the Meeting, the Company's shareholders will be asked to approve the Stock Option Plan. The Stock Option Plan was prepared in accordance with the current TSXV policies. A copy of the Stock Option Plan is available upon request by any shareholder at no charge, or may be reviewed at the Company's registered office during normal business hours until the date of the Meeting and is also available under the Company's profile on SEDAR at www.sedar.com.

The Stock Option Plan is a rolling stock option plan which sets the number of options available for grant by the Company at an amount equal to 10% of the Company's issued and outstanding Common Shares from time to time. Under the TSXV policies, the Stock Option Plan must be approved by the Company's shareholders on an annual basis. Therefore, shareholders are being asked to approve the Stock Option Plan (with no amendments) at the Meeting.

The purpose of the Stock Option Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the Company's shareholders. Options are exercisable over periods of up to 10 years as determined by the Board and at exercise prices as determined by the Board, which will not be less than the closing price of the Common Shares on the day immediately prior to the date of grant, less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the TSXV. The maximum number of Common Shares which may be issued pursuant to options granted under the Stock Option Plan, and any other security based compensation plan of the Company, will be 10% of the issued and outstanding Common Shares at the time of the grant. In addition, the number of Common Shares which may be reserved for issuance to any one individual may not exceed 5% of the issued and outstanding shares in any 12 month period or 2% if the optionee is engaged in

investor relations activities or is a consultant. The total number of Common Shares which may be reserved for issuance to insiders within any 12 month period may not exceed 10% of the aggregate number of Common Shares issued and outstanding as at the date of grant. The Stock Option Plan contains no vesting requirements, but permits the Board to specify a vesting schedule in its discretion.

As of May 16, 2014, 101,699,661 Common Shares were issued and outstanding. As of such date, the number of Common Shares issuable upon exercise of options that may be granted under the Stock Option Plan is 10,169,966 being 10% of the issued and outstanding Common Shares. As of May 16, 2014, the Company had 7,072,500 options outstanding under the Stock Option Plan representing 7% of the issued and outstanding Common Shares. These options include 3,950,000 options granted by Tigray, which entitle the holders thereof to acquire Common Shares and Warrants on exercise. Pursuant to the Arrangement all holders of outstanding Tigray Warrants and options to acquire Tigray Shares are entitled to receive upon the subsequent exercise thereof, for the same aggregate consideration payable, the number of Common Shares and Warrants of the Company on the basis of the Share Exchange Ratio to reflect the consideration to be received by Tigray Shareholders pursuant to the Arrangement.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a resolution, in the form set out below (the "Stock Option Plan Resolution"), subject to such amendments, variations or additions as may be approved at the Meeting, approving the Stock Option Plan.

The Board and management recommend the adoption of the Stock Option Plan Resolution. To be effective, the Stock Option Plan Resolution must be approved by not less than a majority of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, FOR the Stock Option Plan Resolution.**

The Board of Directors (the “Board”) of East Africa Metals Inc., a Canadian federal corporation (the “Company”), approves and adopts the following Audit Committee Charter to specify the composition, roles and responsibilities of the Audit Committee (the “Committee”).

Purpose

The purpose of the Committee is to assist the Board in fulfilling its responsibility for the oversight of the financial reporting process. The purpose of this Charter is to ensure that the Company maintains a strong, effective and independent audit committee, to enhance the quality of financial disclosure made by the Company and to foster increased investor confidence in both the Company and Canada’s capital markets. It is the intention of the Board that through the involvement of the Committee, the external audit will be conducted independently of the Company’s Management to ensure that the independent auditors serve the interests of shareholders rather than the interests of Management of the Company. The Committee will act as a liaison to provide better communication between the Board and the external auditors. The Committee will review financial reports or other financial information provided by the Company to regulatory authorities and shareholders and review the integrity, adequacy and timeliness of the financial reporting and disclosure practices of the Company. The Committee will monitor the independence and performance of the Company’s independent auditors.

At least one (1) member of the Committee shall be independent and the Board and the Committee shall endeavour to appoint a majority of independent directors to the Committee, who in the opinion of the Board, would be free from a relationship which would interfere with the exercise of the Committee members’ independent judgment. At least (1) member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices applicable to the Company. For the purposes of this Charter, an individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements.
